

NIGHTFORCE®

Nightforce Optics – Factory Conversion Form

Thank you for your interest and patronage in Nightforce Optics.

Nightforce Optics is pleased to offer Reticle and Adjustment modifications/up-grades to our optics. Please note, conversions are not available for the SHV™ model.

Before you send in your Nightforce Optics riflescope for a conversion, **you must contact** our Customer Service Department by phone at 208.476.9814 and obtain a “Return Merchandise Authorization” or (RMA) number.

Check list for riflescope owners responsibilities:

- Obtain RMA number from Customer Service Department
- Complete **Factory Conversion Form** with assigned RMA number
- **Remove all rings, bases, lens covers, accessories, and attachments from riflescope**
- Include completed Factory Conversion Form and riflescope in same package
- Please package your riflescope adequately and protectively for shipment
- Ship your riflescope, insured for replacement value, by trackable carrier to the address listed below:
Nightforce Optics, Inc.
Attn: Customer Service/RMA _____
336 Hazen Lane
Orofino, ID 83544
- Keep your tracking number and RMA number available for future reference

Additional information:

- We will notify you, via email (**if provided on the returned Factory Conversion Form**), when we receive your riflescope
- We cannot ship product to a P.O. Box

We are not responsible for any item(s) attached to riflescope. **Any riflescope sent in with rings, mounts, or accessories attached to it**

MAY BE RETURNED WITHOUT BEING REPAIRED or MODIFIED.

Riflescope will be returned to the customer with a Shipping & Handling charge.

Prices, specifications, and availability are subject to change without prior written notice.

Revision Date: October 16, 2014

Call Customer Service at 208.476.9814 for RMA number before shipping in your riflescope to the factory.

RMA Number: _____

Print Customer Name: _____

Optic Description

MODEL	MAGNIFICATION	FEATURE	ADJUSTMENT	RETICLE	SERIAL #

Date Purchased: _____ Purchased From: _____

Desired Modification:

FEATURE	ADJUSTMENT	RETICLE

*Mil-Radian = (Mil-Radian or 10 centimeters @ 100 meters)

**MOA = (Minute of Angle or 1.047 in. @ 100 yards)

- ZeroStop conversions are available on the NXS 1-4x, 2.5-10x, 3.5-15x, 5.5-22x, 8-32x and Competition models
- Compact model ZeroStop conversions include a Windage Limiter windage adjustment
- .125 MOA conversions available for NXS 8-32x and 12-42x models only

An **added benefit of conversions** is that each riflescope undergoes a 100% inspection and testing on all mechanical and optical components. This process is completed with a 70 point inspection that ensures that your optic meets current factory specifications; excluding repairs to cosmetics and/or external wear and tear.
